

The Dr. Matthew Sumpter Memorial Chest Pain Symposium
 Saturday, February 9, 2019
 Pueblo Convention Center

Time	Presenter(s)	Presentation Title	Learning Objectives
7:00 - 7:45	Registration & Breakfast		
7:45 - 8:00	Mike Baxter, President & CEO Parkview Medical Center	Opening Remarks	
8:00 - 8:50	Laurence Berarducci, MD, FACC Cardiologist	Optimizing Heart Failure: Evaluation and Treatment	<ol style="list-style-type: none"> 1. Review guideline directed medical therapy for chronic systolic failure 2. Review diagnostic/clinical approach to HFpEF 3. Review our approach to patients with advanced heart failure
8:50 - 9:40	Annette Rice, AGACNP-BC Heather Palm, BSN, RN, CHFNP Tara Yoder, BSN, RN, CHFNP Laurence Berarducci, MD, FACC Wallacy Garcia, MD Patient Testimonial	Successes in Heart Failure	<ol style="list-style-type: none"> 1. The role of a nurse practitioner in the patient setting 2. The roles of the heart failure RNs in the outpatient setting 3. Case Study: advanced heart failure to LVAD to transplant
9:40 - 10:00	Morning Break & Exhibitor Meet & Greet		

Time	Presenter(s)	Presentation Title	Learning Objectives
10:00 - 10:50	Kathleen Brown, MD Electrophysiologist	Electrophysiology: Where are we now and where are we going?	<ol style="list-style-type: none"> 1. Review the new devices we are now offering at PMC, including leadless pacemakers and subcutaneous ICDs 2. Understand the pathophysiology of atrial fibrillation and pulmonary vein isolation 3. Highlight new treatments for rhythm control and alternatives to anticoagulants coming in 2019
10:50 - 11:40	Wallacy Garcia, MD Cardiologist	Cardiac Imaging	<ol style="list-style-type: none"> 1. Overview of different cardiac imaging modalities 2. How MRI help in diagnosing different types of cardiomyopathy 3. Understand how 3D Echo can help with structural heart disease
11:40 - 12:00	Attendees to pick up lunch & move to selected breakout session		
12:00 - 12:45	<p>Option # 1: Michael Victoroff, MD, Clinical Professor Family Medicine at CU School of Medicine, COPIC</p> <p>Option # 2: Chris McMahon Paramedic/Educator</p>	<p>Advanced Directives: The Incapacitated Patient and Proxy Decisions</p> <p>Capnography</p>	<ol style="list-style-type: none"> 1. Review the ethical and legal foundations for healthcare advance directives 2. Discuss the templates for the main types of healthcare advance directives in Colorado 3. Discuss issues raised by non-statutory healthcare advance directives <ol style="list-style-type: none"> 1. Identifying and responding to an unresponsive patient 2. Discuss adjuncts of resuscitation capnography
12:45 - 1:00	Final exhibitor meet & greet time		

Time	Presenter(s)	Presentation Title	Learning Objectives
1:00 - 1:30	Fernando Mier, MD Trauma Surgeon	Chest Trauma and Non-Traumatic Chest Pain	<ol style="list-style-type: none"> 1. Definition, assessment, and intervention of penetrating and blunt thoracic traumatic injury 2. Discuss resuscitative thoracotomy and REBOA 3. Non-traumatic chest pain
1:30 - 2:00	Martin Beggs, MD, FACS Cardiothoracic Surgeon	Aortic Dissection	<ol style="list-style-type: none"> 1. Definition and symptoms of aortic dissection 2. Etiology, causes, and risk factors for aortic dissection 3. Treatment and surgical options
2:00 - 2:10	Afternoon Break		
2:10 - 3:00	David Feuer, MD, FACS Vascular & Endovascular Surgeon	Peripheral Arterial Disease Symptoms: Surgical and Endovascular Treatment Options and Risk Reduction	<ol style="list-style-type: none"> 1. Understand how to identify, diagnose arterial and venous vascular disease and reduce risk factors 2. Understand the difference between acute and chronic limb ischemia 3. Have a broad understanding of current treatment options for arterial and venous disease
3:00 - 4:00	Sarah Boulos, MD Emergency Medicine	Cardiac Emergencies and Funky EKGs	<ol style="list-style-type: none"> 1. Practicing the approach of patients with chest pain (History, EKG, current symptoms) 2. Discussion of cardiac emergencies, including but not limited to, cardiac arrest, STEMI and NSTEMI 3. Discussion of abnormal EKGs (BBB, Wellen's Syndrome, & ST Abnormalities)
4:00 - 4:15	Laurence Berarducci, MD, FACC Cardiologist	Closing Remarks
